Case No. 19-cv-05844-KAW: Assigned to:
Magistrate Judge Kandis A. Westmore

Retraction of:

**STIPULATION TO EXTEND TIME ON
RESPONSES; ORDER.**

Again, filing as Pro Se and without having legal advice at all at this point in time, I am going to use plain language. I would like to retract my stipulation to extend time for responses. I thought that the email exchange outlining the new dates as evidence and the statement on ECF filing allowed me to do the signatures as I did.

This error was due to inexperience and knowledge and a lack of legal advice. The defendant's counsel gave me no advice on who was to file the stipulation either, for example. All I knew is that I needed it to be in by Friday the 15th. I made my best guess on how it should be filed.

Opposing counsel now has a revised stipulation to review and hopefully, he will file it a.s.a.p. I finally have an appointment with the Federal Pro Bono Project next week, which will hopefully help prevent similar procedural errors in the future.

Respectfully,

November 13, 2019
